11. Installing the App (PWA) and Notifications
12. Troubleshooting and FAQ

# 1. Introduction

**TherapyPro** is a web-based therapy management platform. It helps clinics run their practice (appointments, staff, billing, reports), helps therapists document and plan sessions, and helps patients and their guardians book sessions, follow progress and practise at home through games.

## 1.1 User roles

| Role | What they do |
|---|---|
| Patient / Guardian | Books appointments, views notes and progress, messages or emails the therapist, manages the subscription, plays gamified activities (Gold plan). |
| Therapist | Manages patients and appointments, records attendance, writes secure notes, assigns exercises, produces reports, emails patients. |
| Clinic Owner | Oversees appointments, patients, staff, reports, billing, subscription and gamified activities for the clinic. |
| Administrator (Super Admin) | Manages branches, subscription plans, the gamified library (games, badges, stats), support tickets, FAQs and audit logs. |

## 1.2 System requirements

- A current browser: Chrome, Edge, Firefox or Safari. Works on desktop, tablet and phone (responsive layout).
- An internet connection. A microphone is needed for speech features; a camera is needed to scan staff ID cards.

## 1.3 Navigating the app

After sign-in, a **sidebar** on the left lists everything your role can do. On phones, open it with the menu (☰) button. The bottom of the sidebar holds `Settings`, `Help & Support` and `Logout`. The **bell** icon in the header shows notifications.

# 2. Getting Started

## 2.1 Creating an account (Sign Up)

1. Open the app and choose `Sign Up`.
2. Fill in **Full Name, Username, Email, Role** and **Password**.
3. Complete the reCAPTCHA check and submit.
4. A one-time passcode (OTP) is emailed to you. Enter it on the `Verify OTP` screen. Use `Resend` if it does not arrive.
5. Once verified you can sign in.

## 2.2 Signing in

Enter your email and password on the Login page. You are taken to the dashboard for your role (Patient, Therapist, Owner or Admin). Social sign-in options are shown where enabled.

> Incorrect credentials show an error message on the login screen. Repeated failures should be followed by a password reset.

## 2.3 Forgotten password

1. Choose `Forgot password` on the Login page and enter your email.
2. Enter the OTP sent to you on the `Verify Reset OTP` page.
3. Choose a new password on the `Reset Password` page and sign in again.

## 2.4 Staff onboarding (therapists and staff)

Staff members are added by the clinic owner. The staff member then receives two emailed links:

- **Staff Setup link** – upload the required documents and photo. A link that is invalid or expired shows a message; ask the owner to resend it.
- **Set Password link** – once the owner approves the application, use this link to create your password.

Staff also receive an **ID card (PDF)** by email, which is used for attendance scanning (see Section 5.3).

## 2.5 Changing your password

Go to `Settings → Security → Change Password`, enter your current and new password, and save.

# 3. Subscription Plans

Features unlock by plan. Prices are per month in Philippine pesos. Paid plans include a **7-day free trial**.

| Plan | Price | Includes |
|---|---|---|
| **THERAPYPRO: FREE** | ₱0 | Appointment booking, online payments, SOAP notes / documentation, note-taking tools. |
| **THERAPYPRO: SILVER** | ₱299 | Everything in Free, plus voice-assisted Speech to Text and Text to Speech. |
| **THERAPYPRO: GOLD** | ₱499 | Everything in Silver, plus Gamified Activities for patient engagement. |

## 3.1 Subscribing

1. Open `Subscription` from the sidebar and compare the plans.
2. Choose a plan and select `Subscribe`.
3. Enter card details in the secure checkout (processed by Stripe) and confirm.

## 3.2 Managing your subscription

- **Update payment method** – Subscription → Update Payment.
- **Payment history** – Subscription → Payment History lists past charges.
- **Upgrade or change plan** – pick another plan on the Subscription page.

> Sidebar items such as Speech to Text and Gamified Activities appear only when your plan includes them.

# 4. Patient / Guardian Guide

The patient sidebar contains: Home, My Progress, Appointments, Notes, Messages, Email, Subscription, (Speech to Text / TTS – Silver and above), (Gamified Activities – Gold), Settings and Help & Support.

## 4.1 Home dashboard

- **Welcome banner with progress ring** – shows your weekly goal completion as a percentage.
- **Quick-Log** – record your day in seconds: pick a **mood** (five emoji faces), tick **exercise completed**, and set a **pain level** from 0 to 10. The weekly progress ring updates when exercises are completed.
- **Upcoming appointment card** – shows the next session. Toggle to the **mini-calendar**; days with appointments are marked with a red dot.
- **Therapy category cards** – Occupational, Speech, Physical and Cognitive. Click a card to see today's exercises and achieved milestones, then continue to the full therapy page with progress, exercise checklist and milestones.
- **Notification bell** – shows unread notifications; allow browser notifications when prompted.

## 4.2 My Progress

Charts and summaries of your sessions, exercises, game results, points and badges over time.

## 4.3 Booking an appointment

1. Open `Appointments`. The calendar shows your existing sessions.
2. Choose a **session mode**: In-Person, Cognitive, Speech or Behavioral.
3. Select `Book Appointment`, choose a therapist, date and an available time slot (based on the therapist's published availability).
4. Review and confirm. Payment is made online if required.

## 4.4 Notes

View session notes shared with you by your therapist.

## 4.5 Messages and Email

- **Messages** – short chat-style conversations with your therapist. Unread messages show a badge in the sidebar.
- **Email** – compose, read, reply to and delete emails; attach up to 5 files. The unread count appears in the sidebar.

## 4.6 Video / voice calls

Where enabled, a call overlay lets you join voice or video sessions with your therapist directly from the app.

## 4.7 Settings

| Section | What you can do |
| --- | --- |
| My Account | Edit your name, photo and personal information (see 4.8 for email). |
| Notifications | Choose which reminders you receive. |
| Privacy | Control who can see your information. |
| Accessibility | Make the app easier to see and use. |
| Security | Change your password. |

## 4.8 Profile

Open your profile from the sidebar or Settings to update personal details. Changing your email may require re-verification.

# 5. Therapist Guide

Sidebar: Dashboard, My Patients, Appointments, Attendance, Subscription, Notes & Progress, Email, Assign Exercises, Reports, Speech to Text / TTS, Gamified Activities (Games, Stats), Help & Support.

## 5.1 Dashboard

Summary of today's schedule, patient counts and recent activity.

## 5.2 My Patients

List of assigned patients. Open a patient to view their details, progress, notes and gamified-activity stats.

## 5.3 Attendance (ID scan)

1. Open `Attendance` and select `Scan ID`.
2. Allow camera access and hold your ID card's barcode / QR code to the camera.
3. Confirm the time-in or time-out in the confirmation window. Times are recorded in Manila time.

The page also shows your attendance history.

### Availability

Set the days and times you can accept appointments. Patients can only book within these slots.

### Leave requests

Select `Request Leave`, choose the dates and reason, and submit. The owner reviews the request.

## 5.4 Appointments

View, confirm and manage patient bookings in a calendar and list view.

## 5.5 Notes & Progress

- Write SOAP / session notes for each patient.
- Notes are **secure**: the viewer locks after a period of inactivity and must be unlocked again.
- **Share** a note with a patient or guardian using the share dialog.
- Export a note as a **PDF**.

## 5.6 Assign Exercises

Build a home-practice session plan from the game catalogue (cognitive, speech, physical and occupational activities), choose difficulty, duration and number of rounds, and assign it to a patient.

## 5.7 Reports

Generate progress reports for patients with charts of performance over time.

## 5.8 Email

Send and receive email with patients and guardians, including attachments.

## 5.9 Gamified Activities

**Games** lets you preview and launch activities; **Stats** shows each patient's play results. See Section 8.

# 6. Clinic Owner Guide

Sidebar: Dashboard, Appointments, Subscription, Patients, Staff, Reports, Sales / Billing (Overview, Invoices, Payouts, Settings), Speech to Text / TTS, Gamified Activities (Overview, Activity Library, Request a Game), Settings, Help & Support.

## 6.1 Dashboard

Charts and key figures for the whole clinic: appointments, revenue and activity.

## 6.2 Appointments

See every booking across therapists, and manage or reschedule them.

## 6.3 Patients

Search and review all patients, including their therapist, plan and activity.

## 6.4 Staff

1. **Add a staff member** – enter their details; they receive the Staff Setup link by email.
2. **Review documents** – open uploaded documents and photo.
3. **Approve** the application – the staff member receives the Set Password link.
4. **Send ID card** – the staff ID card PDF is emailed for attendance scanning.
5. **Remove** a staff member when they leave.
6. **Leave requests** and attendance records are reviewed here.

## 6.5 Reports

Clinic-wide reports with charts that can be filtered by period.

## 6.6 Sales / Billing

| Page | Purpose |
|---|---|
| Overview | Revenue summary and trends. |
| Invoices | List and review invoices issued to patients. |
| Payouts | Track payouts to the clinic. |
| Settings | Billing preferences. |

## 6.7 Subscription

Choose or change the clinic's plan, update the payment method and view payment history (Section 3).

## 6.8 Gamified Activities

- **Overview** – engagement across patients; open a patient to see individual stats.
- **Activity Library** – browse and preview available games.

- **Request a Game** – submit a request for a new game to the administrators.

# 7. Administrator Guide

Sidebar: Dashboard, Branches, Subscription, Gamified Library (Dashboard, Games, Badges, Stats & Points), Support Tickets (Tickets, FAQs), Audit Logs.

## 7.1 Dashboard

System-wide overview for the super admin.

## 7.2 Branches

Add and manage clinic branches using `Add Branch`.

## 7.3 Subscription plans

Create and edit plans (name, price, billing cycle, trial days, feature list, popular flag, visibility) and set which tier unlocks each feature. Features can be marked **Live**, **Beta** or **Hidden**.

## 7.4 Gamified Library

- **Games** – add, edit, archive and delete games; set therapy type, difficulty and points per play; handle owner game requests.
- **Game Builder** – build custom games visually: add elements on a stage, edit them in the inspector, create multiple levels and test with the built-in player.
- **Badges** – design reward badges (choose icon and colour) and the points needed to earn them.
- **Stats & Points** – see plays, points and badges across the platform.
- **Pao designer** – manage Pao's clothing and theme sets.

## 7.5 Support Tickets and FAQs

- **Tickets** – view tickets raised by users (with page and device details attached), reply and update status.
- **FAQs** – maintain the help-centre answers used by the Pao FAQ bot.

## 7.6 Audit Logs

A searchable record of important actions in the system, for accountability and security reviews.

# 8. Gamified Activities and Pao

Gamified activities turn therapy practice into short games. They are available to patients on the **Gold** plan.

## 8.1 Starting a game

1. Open `Gamified Activities`.
2. If several children share an account, choose **Who is playing?**
3. Pick a game and press play. Earn points and rewards when you finish.
4. A finish screen and reward sequence show your points and any new badge.

## 8.2 Games available

| Game | Therapy area | Skills practised |
|---|---|---|
| Puzzle Pals | Cognitive | Spatial awareness, visual matching, fine motor. |
| Picture-Word Matching | Speech | Vocabulary, picture-word association. |
| Slow-Motion Echo | Speech | Articulation and syllables, at a self-paced speed. |
| Sound Hunt | Speech | Beginning sounds, auditory discrimination. |
| Rhyme Time | Speech | Rhyme detection, pre-reading skills. |
| Alphabet Blast | Speech | Letter recognition and alphabet order. |
| Sentence Builder | Cognitive | Grammar, sequencing, working memory. |
| Story Builder | Cognitive | Narrative sequencing, cause and effect. |
| Sort the Basket | Cognitive | Categorisation, word retrieval. |
| Copy the Colors, Daily Routines, Emergency Ready, Feed Pao, Spot the Difference, Money Match, Cause & Effect, Little Red Riding Hood | Mixed | Memory, sequencing, safety awareness, attention, everyday life skills. |

Exact titles available to you depend on what the administrators have published.

## 8.3 Pao the Panda

Pao is the friendly mascot. Pao reacts to your game results and mood, and appears as a buddy in the corner of the screen. In **Customize Pao** you can dress Pao in outfits and themes unlocked through play.

## 8.4 Points, badges and progress

Each completed game earns points. Reaching targets unlocks badges. Patients, therapists and owners can view stats per patient and per game.

# 9. Speech to Text and Text to Speech

Available on the **Silver** plan and above for patients, therapists and owners, under `Speech to Text / TTS`.

## 9.1 Speech to Text

1. Open the page and allow microphone access.
2. Press the record button and speak clearly.
3. Your words appear as text, which you can edit or copy, for example into session notes.

## 9.2 Text to Speech

1. Type or paste text.
2. Press play to hear it read aloud. Useful for reading practice and accessibility.

# 10. Help & Support and the Pao FAQ Bot

## 10.1 Help & Support page

- **My support tickets** – follow the status of questions you have raised.
- **Frequently Asked Questions** – quick answers.
- **How-To Guides** – book an appointment, use Quick Log, message your therapist, update your profile.
- **Chat with our Support Assistant** – opens the Pao bot.
- **Send us a message** – create a support ticket.

## 10.2 Pao FAQ bot

A floating Pao button appears for signed-in owners, therapists and guardians. Ask a question and Pao answers from the help centre. Use the thumbs up/down to rate answers. If Pao cannot answer, or the problem sounds like a bug, Pao offers to open a **support ticket** with the page and device details attached. Chat history is kept for the session only and clears when you log out.

# 11. Installing the App and Notifications

## 11.1 Install as an app (PWA)

- **Chrome / Edge (desktop)**: click the install icon in the address bar.
- **Android**: browser menu → *Install app* / *Add to Home screen*.
- **iPhone / iPad (Safari)**: Share → *Add to Home Screen*.

## 11.2 Notifications

Allow notifications when prompted to receive appointment reminders and progress messages. Open the bell icon to see recent items. You can change what you receive in `Settings → Notifications`. If you blocked notifications by mistake, re-enable them in your browser's site settings.

# 12. Troubleshooting and FAQ

| Problem | What to do |
|---|---|
| I did not receive the OTP email | Check spam, then use Resend OTP. Make sure the email address is correct. |
| Cannot sign in | Re-check email and password; use Forgot password if needed. Staff must finish setup and be approved first. |
| Staff setup link says invalid or expired | Ask the clinic owner to send a new link. |
| I cannot see Speech or Gamified Activities | These need the Silver / Gold plan. Check Subscription. |
| The scanner will not open | Allow camera permission in the browser and use good lighting. |
| Microphone does not work | Allow microphone permission and check the device's input setting. |
| No time slots when booking | The therapist may not have set availability for that date. Try another day or therapist. |
| Page looks wrong or is stuck | Refresh the page. If it continues, ask Pao or raise a support ticket. |

## Getting more help

Use `Help & Support` in the sidebar to chat with Pao or send a ticket to the support team.

> This manual describes TherapyPro as of October 2026. Features and plan contents may change as the system evolves.
